2. Bookable slots will be 1.5 hours and can be used for singles and doubles.
3. All group coaching will be booked on the online courts.
4. Courts 4 (bookable online) & Court 12 (drop in) only can be used for private coaching lessons. Strictly no other courts to be used for private coaching.

Additional advice to members:

1. In the event of a match (RR) being played and interrupted due to court malfunction (lights etc), it has the right to be finished on another court and takes precedence over existing queues\booking.
2. Members should take care when making an online booking behind a match (ladder challenge, league etc) unless they are prepared to wait should it run over. When organising challenge matches and using online booking for it, members are asked to use the 8:30pm slot to reduce the possibility of disruption to others should the match take more than the standard 1.5 hours.
