

## **Online Court Booking System**

Dear Members,

There will be an all member forum in the function room on Thurs, 27-Sept at 8pm, to present on and vote on whether to reinstate the **Online Court Booking System** or not.

The trial period has provided us some great data around what worked and what did not. It has enabled us identify some issues and some solutions.

In addition to this, we would also like YOUR input:

Please let us know:

- What worked well
- What did not work
- What were the issues you saw (and any suggested solutions)
- What changes would you like to see

The comments box below is deliberately left as free form, so that you can use your own words to provide this input.

Completed forms should be put into the lobby post box by **1pm on Friday 21-Sep.**
